

Water Main Notification

June 2015 | CSB | CSB25002

This form is to be used to notify the minister, in accordance with section 1-3 of the Water Main Chapter of the Saskatchewan Environmental Code, when constructing a water main to be used by a municipality with a population of at least 5,000 persons. No person shall commence work on the construction of a water main unless that person has notified the minister and received a notification number from the minister. To ensure a timely response, it is important that the form includes all the necessary information.
